Subject: MEETING RE RESEARCH FUNDING ON THE PRIMARY ISSUE

We have scheduled a meeting on July 22, 1992, in Richmond to review our research funding on the primary issue, in order to make some decisions for what research to fund in 1993. I have just had a meeting with Bill Murray and Murray Bring to discuss our progress to date.

As some of you may know, some of us are discussing current funding requests from researchers in the U.S., and I would like to act on those requests as soon as possible. Therefore, I would like to meet sooner than July 22. Can you make an all-day meeting in Richmond or New York on Wednesday, May 20, to decide what research we would recommend funding in 1993 and, conversely, what research, if any we should not fund?

Please let me know of your availability.

Thank you.
